

# Phineas

Hi Ginger,

It was nice seeing you at the recent Detroit Kennel Club Dog Show. I just wanted to share a recent photo of Phineas (Sorcerer's and Echo's litter 11/27/2010). Although Phineas is only 5.4 lbs., he has provided an enormous amount of joy to our lives. He is very sweet, smart, loving, mischievous, and adorable. He loves his 13-year old min-pin "sister" and she has taken to him as well. We thought you should know that he is a happy, little guy!! He has been a great addition to our home and family. We thank you for that!

Take care of yourself and hope to see you next year at the DKC dog show!
